SIR

With reference to your letter No R 11438/69-19-6 of 1st instant in the matter of transferring the old Bonded Ware House building in the Bangalore City to the Education Department I have the honor to state that consequent upon the conversion of the S P Nanjdiah s School into a Government Institution it is very necessary that a suitable building should be provided for the same As no other convenient habitation for the school is available in the locality the Municipal Council was requested to transfer the buildi to the Education Department free of cost But the Council are opinion that they are prepared to make over the building at a fa valuation

As the building referred to is intended for a general purpo in which the Municipality also is interested and as that body ha now been relieved of the burden of the monthly grant to the scho from July last I request that Government may be pleased to ord the transfer of buildings and the vacant land attached to it of cost to the Education Department

S i r,

With reference to correspondence ending with your letter o R 359/Ml 69-19-11 dated 8th July 1920 callin for certain information regarding the Old Bonded Warehouse in Arcot Srinivasachar's Street proposed to be made over to the Education Department at fair valuation I have the honor to state that no records are forthcoming which throw any light as to when the building was constructed and the cost thereof But from a resolution of the Bangalore Town Municipal Commission held on the 29th June 1883 (Copy enclosed) it will be seen that these buildings were designated "Municipal Office" buildings long before that time and that then they were handed over to the Town Municipal High School The Municipal School continued to be held there for some years and then the building came back to the Municipality and was converted into a bonded ware house I was used as ware house till 1913 when as reported in my letter No 289 dated 11th June 1920 the Sultanpet A V Scho was permitted to be held there From these accounts it will be clear that the building is the property of the Municipality
